“Energetic Origin of Chronic and Auto-Immune Conditions - Aligning with One Parent and Rejecting the Other Subconsciously”

Helping people heal from chronic and auto-immune conditions requires a multidisciplinary approach. The symptoms often have roots in childhood, intra-uterine and inherited family traumas.

Participants will discover that invisible entanglements of family dynamics are usually associated with trauma either from this generation, especially with alignment with either one of the parents, or prior generations and can be the root cause of many chronic illnesses and pain.

We will delve into one of the most common invisible family dynamics: entanglement of the “Intrinsic flow of love” in the family system. This presentation will be interactive and experiential.
